| 119 | MAR | |
| Described by | Drawn by | Checked by |

| Order | Reason |
|-------|---|
| 1 | 1. The first order is to establish the basic structure of the document, including the title, author, and date. |
| 2 | 2. The second order is to define the scope and objectives of the study, providing a clear overview of the research goals. |
| 3 | 3. The third order is to conduct a thorough literature review, identifying existing research and theoretical frameworks. |
| 4 | 4. The fourth order is to develop a research methodology, detailing the data collection and analysis procedures. |
| 5 | 5. The fifth order is to present the results of the study, including data analysis and interpretation. |
| 6 | 6. The sixth order is to discuss the implications of the findings, relating them to the research objectives and existing knowledge. |
| 7 | 7. The seventh order is to conclude the study, summarizing the key findings and providing recommendations for future research. |
| 8 | 8. The eighth order is to format the document, ensuring it meets the required standards for presentation and readability. |
| 9 | 9. The ninth order is to proofread the document, checking for errors and ensuring the content is accurate and consistent. |
| 10 | 10. The tenth order is to submit the final document for review and publication. |
